

# GEAR'D UP!

## May Is Bike Month

It's here! It's Here! May is Bike Month starts tomorrow. Now more than ever, it's a great time to get out and ride your bike. There are tons of opportunities and events going on, so there's no reason not to! Plus, the weather is great, it's great for your health and great for our environment, so get out there and RIDE. YOUR. CITY!

[Sign up here](#) to join in on the fun. Check out this quick [how-to video](#) produced by our friends at [50 Corridor TMA](#). Challenge yourself by making a pledge to ride everyday, or to take X amount of trips by bike, or shoot for Y amount of total miles ridden. It's all good, just leave your car at home!

SABA will be hosting a bunch of activities during the month. We've got energizers on the ARBT planned, Bike MD in a variety of places scheduled, and a variety of Ride & Seek RIY (ride it yourself) challenges. Yes, there will be SWAG!

Check out the [SABA website](#) for the latest activities!

Ready to help out the best Bike Advocacy Organization in the region?

Improve our region when you volunteer for SABA! Our volunteering needs are on the rise with the return of Bike Valet and MiBM. If you have a passion for cycling and like to spread the word, we could use your help.

MiBM needs volunteers to assist at Bike Valet in Midtown Farmer's Market and at the Pannell Community Center. We'll be holding energizer activities on the ARBT, on the Cabrillo Park Slow and Active Streets and in Rancho Cordova. Join us!

## City of Sacramento Transportation Priorities Plan

When it comes to investing in transportation, what's important to you? Our climate? Our safety? Our choices for getting around?

The City of Sacramento is developing a "Transportation Priorities Plan," which will prioritize transportation improvements throughout the city, and they're asking for your help. Your values will help them prioritize transportation projects and help decide

what should get built sooner rather than later.

Join the virtual event on Thursday, May 6th, 6:30 – 8:00PM
