### Big Day of Giving

SABA thrives off the generosity of its donors. Your gifts tomorrow, no matter how small, go a long way to helping us make our region safer and healthier by making it more bike-friendly.

We use these donations to fund many of our programs, such as our ride-ready clinics which allow us to provide free bike repair in underrepresented communities, and our social rides, which we love doing.

Your contributions for next 24 hours will be felt for years. We thank you in advance for your donation.

The Draft General Plan contains policies that guide everything from environmental justice to transportation, the types of housing that can be built, jobs, parks, public safety, and much more.

The Draft CAAP outlines a communitywide framework for reducing greenhouse gas emissions and establishing Sacramento as a climate leader.
