

GEAR'D UP!

Become a
MEMBER

We need you!

Fall is here which means that in addition to great biking weather, our annual membership drive is launching. If you are not already a member of SABA, now's a perfect time to join.

Your membership supports our **advocacy** work, our **Upcycle** program, which matches used bikes with people who are in need of a bike for their daily transportation, and for some of our **Ride Ready Repair** that serve youth in underserved communities, like our **Project Activate Meadowview**. Your membership also powers our **social rides** and helps to keep the lights on and the office going so we can get outside and do the valued work we do in the greater Sacramento community.

JOIN SABA!

We have five tiers of membership, each offering different benefits and we're offering great perks and prizes to be distributed throughout the drive. The higher you pledge, the more goodies you get:

- **Cruiser: \$5 a month:** you will receive our newsletter, join social rides, and get our cool **new holographic sticker**.

- **Commuter: \$10 a month:** you will get all the benefits of the cruiser level, along with **1 free fix a flat service** done by our outstanding mechanics.
- **Tandem: \$20 a month:** All the benefits of the commuter level along with your choice of either **SABA socks or a coffee tumbler**.
- **Cargo: \$30 a month:** All benefits of the tandem level along with **1 basic bike tune-up** by our master mechanics.
- **Electric: at \$50 a month:** All the benefits of the cargo level along with **VIP Bike Valet** services. Never wait in line again to use our bike valet services.

We're also pulling a name each week for special prizes, but ya gotta join or upgrade your membership in order to win.

ELECTRIC CARS DON'T SOLVE THE PROBLEM

OF CARBON EMISSIONS FROM TRANSPORT

E-Bike's are part of the future of active transportation

We are acquiring a variety of e-bikes because we believe that e-bikes provide an amazing opportunity to leave your car at home for short trips around town.

Didja know that there's [a state program offering e-bike vouchers](#) to the tune of \$10 million that could be boosted to \$18 million. Woohoo!

Research shows that when a household buys an e-bike, their driving decreases by more than a third. Dollar for dollar, e-bike rebates eliminate 3x more GHG emissions than electric car rebates.

SABA will be at events regionwide with our fleet so that you can learn more about e-bikes, try one out, and hopefully
